

FLOW CONTROL & METERING SOLUTIONS

PETROCHEMICALS
OIL & GAS
POWER
UTILITIES
SERVICES

ble practices and strategic partnerships, we aim to drive positive change and create lasting value for our clients employees and stakeholders

FCM Mission - 3 Critical Fully Integrated Objectives

EMPOWER BUSINESS

Deliver innovative and tailored strategies
Drive growth and success for our clients

PRIORITIZE CUSTOMER NEEDS

Place customers at the heart of our operations
Offer personalized solutions and exceptional service

DRIVE TEAM SUCCESS

Promote a culture of teamwork and collaboration
Support and develop our partners to reach full potential

With over 25 years of experience
Annual Net of more than \$25M
Presence in the Middle East, North Africa and China
Expanding in Central Asia office in Almaty, Kazakhstan with QFCM

WHAT WE DO

Sales support and market development for the FCM Solutions in the market of Central Asia and Middle East
Project Management & Procurement for Engineering Projects

Control Systems, Metering and ANALYTICAL SOLUTIONS

Facilitate & promote technology transfer
Cooperate with 'best in class' companies as clients and suppliers
Create Partnerships to deliver added value to clients

Fiscal Responsibility

Sound financial basis of profitable growth
Expand Active Territories
Propose competitive but technically achievable quality solutions
Increasing the value for our clients, partners and stakeholders

Social Responsibility

Compliance to environmental constraints
Protect Life, Assets and Environment

PROCESS CONTROLS

FCM offers a comprehensive systems engineering suite of products and services. The core of the FCM products and services includes: Engineering Design, Procurement, Manufacturing and Assembly of turn-key Process Control and Instrumentation Solutions extending to

Distributed Control Systems
Field-bus Control Systems
Complete Instrumentation Solutions
(Process Safety Systems for ESD (Emergency Shutdown) and F&G (Fire and Gas)
Programmable Logic Controllers – PLC's
Supervisory Control and Data Acquisition Systems – SCADA
Compressor Performance Optimization

FCM provides metering systems, designed and manufactured for high quality, accuracy and performance and utilizing both conventional as well as latest technology. All metering systems are

Fiber Optic Cable Laying, Fusion Splicing, Termination & ODFR Testing
Supply of Engineering & High Skilled Technicians for E&I Works

Maintenance Phase

Control & safety Systems Upgrade & Retrofits
System Maintenance & Long-term Support

METERING SOLUTIONS MAJOR PRODUCT AREAS

FISCAL METRING CONTROL SYSTEM - LIQUID

Turbine Meters<
Positive Displacement Meters<
Liquid Ultrasonic Meters<
Coriolis Meters<

FISCAL METRING CONTROL SYSTEM - GAS

Orifice Meters<
Gas Ultrasonic Meters<
Venturi Meters<
Coriolis Meters<

METERING PROVING SYSTEMS

Bidirectional , Displacer Type<
Unidirectional, Displacer Type<
Compact (small volume) Piston Prover<
Master Meter<

SAMPLING AND ANALYSIS SYSTEMS

Sample mixing equipment which may be of proprietary or custom design<
Sample probe and fast loop pump<
Sampler and sample receivers<
Densitometer<
Water in Oil Meter<
Viscometer<
Heated enclosure for the sampler and sample receiver<

PRESSURE REDUCING SKIDS GAS PRESSURE REGULATION AND CONDITIONING SYSTEM

KEY PARTNERS OF FCM

ProCESS FZE, - RAK, UAE
METAS FZE - RAK, UAE
QFCM - Almaty, Kazakhstan

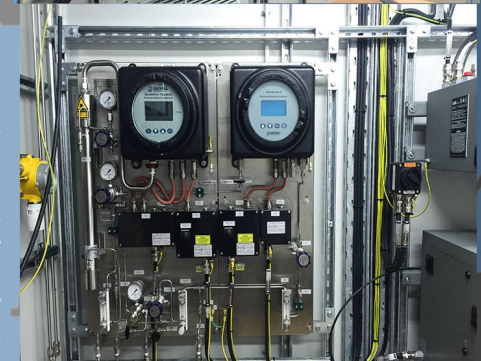

Provides full support from FEED to Commissioning

Design
Engineering
Tendering to Procurement to Logistics
FAT (own 2500m2 Facilities in RAK, UAE and Almaty, Kazakhstan
Site Installation, PRE Commissioning & Commissioning
Site Support and Services
Consultancy

We achieve our vision by

Meet and exceed client requirements

Ensure technical supremacy with full compliance to safety and environmental standards
